---

**Notes:**

1. **Free electives** can be chosen according to the procedure described on Blackboard 3TU SET > Study Info > Electives.
2. **SIP-1 project** is scheduled in period 4, SIP-2 should be scheduled before the start of the thesis work.
3. **Industrial Internship** can be scheduled either at the end of the first year or after the thesis work.
4. **Graduation courses** must be approved by the thesis supervisor. Students are allowed to do part of the SIP-2 work or industrial internship during summertime, in good agreement with the supervisor.

**Results and progress**

blackboard.tudelft.nl > Osiris

Written examinations require registration! You have to register using Osiris which can be found on the blackboard organisation. Students are required to register for written exams in the examination registration system no later than 14 calendar days (not working days) before the beginning of the examination.

---

**General information**

- Website: [www.set.msc.tudelft.nl](http://www.set.msc.tudelft.nl)
- Email: info-set@tudelft.nl

---

**Faculty student portal**

http://studenten.tudelft.nl/en/

---

**Blackboard**

blackboard.tudelft.nl

Blackboard is TU Delft's virtual learning environment. Students, instructors and staff use blackboard for almost all communication for their courses. All information for SET-students becomes available through the blackboard organisation 3TU Master Sustainable Energy Technology.

---

**Internship office**

At the internship office you can find information about internships, other student experiences and tips. Contact: internships-eemcs@tudelft.nl for further questions.

---

**E-service**

e-service.tudelft.nl

For questions regarding (reactivation of) NetID.

---

**Career Centre**

careercentre.tudelft.nl

There is a whole package of workshops and training courses offered by Student & Career Support, in order to study for effectively, for personal support, programme choices and careers.

---

**Student Affairs**

www.set.msc.tudelft.nl

A whole range of workshops and training courses are offered by Student & Career Support, in order to study for effectively, for personal support, programme choices and careers. All information for SET-students becomes available through the blackboard organisation.

blackboard.tudelft.nl > Osiris

Written examinations require registration! You have to register using Osiris which can be found on blackboard. Students are required to register for written exams in the examination registration system no later than 14 calendar days (not working days) before the beginning of the examination.
Board of Studies
The Board of Studies is an advisory body consisting of students and teachers which comes together at least every quarter. The Board of Studies has three core responsibilities: - Provides advice about the Teaching and Examination Regulations (TER) and Implementation Regulations (IR). - Annually evaluates the way of executing the TER and IR. - Provides advice about all matters concerning education.

Study association ETV  
www.etv.tudelft.nl
The student associations are the representatives of the students of the programmes. Foremost they organise drinks, excursions, lunch lectures and lecture response groups. The ‘Electrotechnische Vereeniging’ (ETV) is the study association for the BSc and MSc students of Electrical Engineering, and MSc Sustainable Energy Technology. ETV also sells books to students at reduced prices.

The Energy Club  
http://energyclub.nl
The Energy Club is an association for people with a passion for (sustainable) energy. It is the student-led part of the Delft Energy Initiative. The goals of the Energy Club are based on two core elements: forming a network and a platform. It is a place where students, professors, teachers, employees, companies and alumni can meet and share information, inspiration and motivation.

Study programme
The two-year MSc programme (120 ECTS) consists of lectures, (practical) assignments, internship and/or projects. You will have to choose one of the profiles. Detailed information on the profiles will be given by the SET-staff and profile coordination at the start of the MSc programme.
